

Product/trade name(s)	Zinc Die Casting Alloys (ZL5/ZL0410, ZL3/ZL0400, ZL2/ZL0430, ZL8/ZL0810, Superloy, KS)			
Type of product	Preparation			
Substance(s) in product	Substance 1	Substance 2	Substance 3	Substance 4
Substance(s) name	Zinc	Aluminium	Magnesium	Copper
CAS number	7440-66-6	7429-90-5	7439-95-4	7440-50-8
EINECS number	231-175-3	231-072-3	231-104-6	231-159-6
Hazard information : SVHC?				
Containing SVHC listed on the candidate list agreed by the ECHA Member State Committee ?	no	no	no	no
Nyrstar Belgium NV				
Role(s)				
Role regarding the Preparation:	Manufacturer			
Role regarding each substance:	Manufacturer	Downstream User in EU	Downstream User in EU	Downstream User in EU
Registration	completed	no register required	no register required	no register required
Registration number	01-2119467174-37-0000			
Tonnage band	>1000t			
Nyrstar Budel BV				
Role(s)				
Role regarding the Preparation:	Manufacturer			
Role regarding each substance:	Manufacturer	Downstream User in EU	Downstream User in EU	Downstream User in EU
Registration	completed	no register required	no register required	no register required
Registration number	01-2119467174-37-0035			
Tonnage band	>1000t			
Nyrstar France SAS				
Role(s)				
Role regarding the Preparation:	Manufacturer			
Role regarding each substance:	Manufacturer	Downstream User in EU	Downstream User in EU	Downstream User in EU
Registration	completed	no register required	no register required	no register required
Registration number	01-2119467174-37-0045			
Tonnage band	>1000t
